

Cindy Lesonsky Promoted to Senior Vice President, Operations for the Cooperative of American Physicians, Inc.

LOS ANGELES, CA, February 8, 2010 -- The Cooperative of American Physicians, Inc. (CAP) announced today the promotion of Cindy Lesonsky to Senior Vice President, Operations, after serving as Vice President, Operations & Corporate Processes since 2006.

In her expanded role, Ms. Lesonsky will oversee CAP's Information Services Department (IS), in addition to her previous responsibilities managing CAP's Office Services and Corporate Communications departments. Ms. Lesonsky will continue to collaborate with other managers to help ensure that CAP functions efficiently and effectively, and is prepared for future membership expansion.

Ms. Lesonsky, a Certified Public Accountant, was promoted to her immediate past position after serving as controller and vice president of Finance – the position for which she was hired in 2004.

"After five years of playing a significant role as part of CAP's executive management team, I am confident that Cindy will rise to the challenge in her new role, to help CAP retain its standing as a market leader in California's medical professional liability arena," said CAP CEO James L. Weidner.
