

MagMutual's partnership with UpToDate® means PolicyOwners™ can practice safer, better medicine.

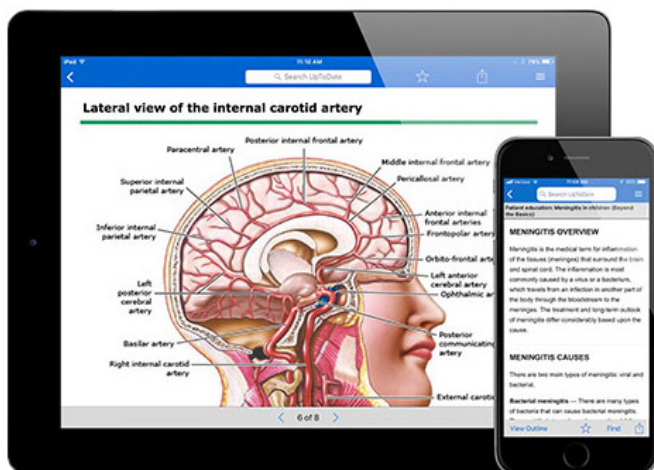

UpToDate is the premier online clinical decision support resource and is available to all MagMutual PolicyOwners at **no cost**. Through this complimentary membership – valued at over \$500 per provider annually – MagMutual is helping to ensure that our PolicyOwners have access to the most current evidence-based clinical content when making treatment decisions for patients.

TO SIGN UP:

- 1) Access your complimentary UpToDate subscription through your account profile page on magmutual.com.
- 2) Visit our PolicyOwner resource page for FAQ and step-by-step registration information or contact your account representative. uptodate.com/home/magmutual

POLICYOWNERS WILL BENEFIT FROM

- Reliable, continually updated and peer-reviewed information in an easily searchable format – known as “Google for doctors”
- Anytime, anywhere access to more than 11,600 clinical topics written by more than 6,900 experts in 25+ specialties
- Over 9,700 graded recommendations and more than 5,600 drug entries
- Ability to earn CME/CE/CPD credits every time you research a clinical question, then track and redeem credits from your mobile device

Complimentary access to UpToDate is just one of the many benefits MagMutual offers PolicyOwners. To learn more about the full range of resources, support and rewards available to you, visit MagMutual.com.
